TYPHOON KILLS HUNDREDS

Hong Kong Today Visited by Terrific Storm Which Strews Coast With Wrecks and Causes Enormous Loss of Property—Foreign Residents Are Not Injured.

LONDON, Sept. 18.—(Bulletin)—Between 300 and 400 lives were lost in the typhoon at Hong Kong today, according to late advices from the East.

MANILA, Sept. 18.—Without the slightest warning of disaster, Hong Kong was visited today by a terrible typhoon, which swept across the island on which the city is located and wrought great damage in the harbor. This news was confirmed in cable dispatches received here from the Chinese city this morning. Enormous property loss was caused, and hundreds of lives were destroyed. It is reported that the coast for miles is lined with wrecks of small sailing craft caught in the storm and driven ashore. In Hong Kong harbor many vessels foundered and other were driven ashore. The loss of life is heaviest among the crews on vessels in port. It is reported in numerous cases not a man escaped from the ships. Heroic fights were made by several crews to save their vessels, but they could do little against the force of the storm. Standing bravely by their vessels they were driven ashore and hundreds of sailors lost their lives in the breakers after the ships grounded.

It is reported that the German steamer Johanne and the British steamer San Cheung went down with all hands. The steamer Fastian of the Hong Kong and Macao railroad, foundered, only the purser and mate escaping, so far as is known.

In the city the typhoon wrought great damage. Whole rows of houses are reported blown down, and it is feared a heavy loss of life occurred. The details however, are lacking. Business is at a standstill and the native citizens are almost in a panic. It is reported that considerable loss of property was caused among members of the foreign colonies. A number of foreign residents are also reported injured, but so far as known there is no fatality among them.

The storm raged for two hours, and then abated as suddenly as it began. It will probably be hours before a definite estimate can be given of the number of dead or the aggregate loss.

ANTI-CHRISTIAN RIOTING GROWS VERY SERIOUS

Tangier, Sept. 18.—Anti-Christian rioting which has assumed serious proportions is now in progress at Casablanca, according to dispatches received today. The homes of several Christians have been sacked and Europeans are taking refuge in various consulates. A number of Europeans have been injured in the rioting which is being directed by a native priest.

NEBRASKA FLOOD

Tremendous Rains Caused Heavy Damages—Miles of Track are Washed Out.

Lincoln, Neb., Sept. 18.—Tremendous rains caused heavy damage. North of Valparaiso the Union Pacific had several miles of track washed out and also a long section near Raymond. The Omaha train out of Lincoln was unable to proceed. The Northwestern road also lost much track. In the town of Raymond four inches of water fell in two hours. Many bridges were carried out and a foot of water ran through the streets.

NOT SHAW'S SON.

At Least He Is Not the Son of the Secretary of Treasury.

Washington, Sept. 18.—A dispatch from Toulon Sept. 16 stated that a young man giving the name of Herbert Shald, and claiming to be the son of Joseph Shald, a former secretary of the treasury of the United States, was under arrest there, charged with attempting to obtain money by fraud. No one by the name of Shald has been secretary of the treasury. Secretary Shaw has but one son, whose name is Earl, and he is not in Europe.

Toulon, Sept. 18.—Herbert Shaw, a young American who was arrested here on a charge of fraud, says he is a student and son of Leslie M. Shaw, United States secretary of the treasury; that he arrived in Toulon Saturday, went to the Grand hotel for the night and next day engaged an apartment for a prolonged stay here. Shortly afterward, he says, a police inspector arrested him without any charge or complaint having been made. The young man says he protested to the central police commissary, but as he had no papers with him to establish his identity, and as he was without money at the time pending the receipt of a check from the United States, he was held in custody until Monday evening, when he was released at the instance of the United States consul here.

Nebraska Trust Cases.
Lincoln, Neb., Sept. 18.—Attorney General Norris Brown filed a motion in the state supreme court for the appointment of a referee to take evidence in the Nebraska lumber trust suit. The case is the second of the suits brought under the provisions of the Nebraska anti-trust law.

court that he spent \$3,500 for diamonds and other presents while keeping company with her, and that because recently she broke off a promise to marry he has been injured in the amount of \$10,000. Judge Evans yesterday afternoon allowed a temporary injunction restraining Miss Boyer from disposing of her property, and fixing the bond at \$300.

OWNS MILLION ACRES.
Corpus Christi, Tex., Sept. 18.—The sale of the Laurel S. ranch containing 200,000 acres to Mrs. King, known as the Texas Cattle Queen, was confirmed today. Mrs. King owns more than a million acres. The sale includes 40,000 head of cattle.

ENGINE EXPLODES
Killing Fireman and Engineer and Injuring Others—Locomotive is Reduced to Scrap Iron.

Monongahela City, Pa., Sept. 18.—By the explosion of the boiler of a Pittsburgh, Virginia & Charleston freight engine the engineer and fireman were killed, four severely injured and the engines and caboose reduced to scrap iron. All the injured were scalded about the face and hands and received severe bruises. They were taken to a hospital and will probably recover. The cause of the explosion is not known.

HUGE WAVES
Sweep Coast and Carolina Resort Bad Close Call.

Wilmington, N. C., Sept. 18.—This section of the Carolina coast was swept by a typhoon fresh from the northern coast of Cuba. It blew 70 miles an hour and left havoc in its path. The storm passed over eastern Georgia, evidently headed for the Mississippi valley.

For nearly eight hours 200 men, women and children were cut off from the mainland in imminent peril, while cottage, hotel and railroad property were damaged to the extent of \$10,000 by a northeast storm which swept Wrightsville beach, nine miles east of Wilmington.

Sheriff Frank H. Stedman was among those caught at the beach, and at once swore in a number of deputies, who closed the bar rooms and patrolled the beach to prevent looting.

The storm came without warning and hundreds of cottages on the beach received their first intimation of danger when they awoke to find breakers sweeping across the beach and rolling high up on the mainland, two miles beyond. A trolley car kept at the beach in case of an emergency took about 25 early risers across the sound on the trestle, which was swept by the waves. Those left at the beach were afraid to cross the trestle, which gave way immediately after the last car reached the mainland. The storm increased in fury until noon, when the rescue work was begun. They sent surf boats across the channel at great risk, bringing first the women and children and later the men.

At Carolina beach, further down the mainland, there was some damage to cottages, but the residents left there the day before on notice of falling barometer. At Southport, at the mouth of the Cape Fear river, harbor craft had a narrow escape from the storm, several passenger boats being slightly damaged. At Old Brunswick, between Wilmington and Southport, the steamer Atlantic of the fisheries company of New York was blown broadside ashore, but is not greatly damaged.

Labrador Coast Storm.
St. John's, Sept. 18.—Besides 11 schooners wrecked at Belle Isle recently by storms, seven others with over 100 people on board were driven ashore on the Labrador coast. Four fatalities only are reported thus far. It is feared worse disasters occurred on the northern part of the coast. Over 250 castaways are awaiting arrival of a government steamer to convey them home. This is the worst disaster since 1836, when 865 fishermen were made destitute by a storm.

DIG AND GO.
Chinks Must Return to Orient After Canal is Completed.

Washington, Sept. 18.—Chinese laborers taken to Panama for work on the isthmian canal will be required to be deported at the conclusion of their service. To insure their deportation the Panama government will require the contractors who furnish them to give a bond of \$50,000 for the first 2,500 Chinamen and \$20 each in any number in excess of 2,500. This information was conveyed to all who signified their intention of bidding for the contract to supply Chinese laborers for the isthmian canal commission.

ARBITRATORS ARE BUSY TRYING TO SETTLE TROUBLE

EMPLOYEES OF TRACTION LINE DESIRE CHANGES IN COMPANY'S METHODS.

ALL PARTIES ARE RETICENT

Secretary Bishop of State Board and National President W. R. Rutledge Visit Newark.

There is every indication today that the impending strike among the employees of the Interurban line between Columbus, Newark and Zanesville will not take place. Although the principals in the trouble refuse to talk, it is learned that an adjustment which is partially satisfactory to the interested parties had been reached and that in all probability there will be no strike.

Secretary Joseph Bishop of the state board of arbitration, President W. R. Rutledge of the national organization of the Brotherhood of Interurban Trainmen, have been in consultation with Mayor McCleery for several days, nearly a week, in fact, and it is believed that the settlement of the differences resulted from the secretary's visit to Newark.

Mayor McCleery was seen by an Advocate man but refused to talk, saying that he had no authority to give out any information at all, and that he did not want to be quoted.

An effort was made to see Mr. Rutledge, but he could not be located. Mr. Gibbs, the general manager of the Indiana, Columbus and Eastern company's lines from Columbus to Zanesville, could not be seen, and no statement of the conditions of the settlement could be secured.

It is understood, however, that the traction people, who have been denying the employees an audience, and who refused to take any action towards the settlement of the difficulty, have given an interview and the arbitration of the grievances followed.

While it could not be stated positively, it was intimated that the trainmen wanted the minimum price per hour to be raised from 18 and 19 cents an hour to 20 cents per hour. They claim that as soon as a man has been in the service long enough to draw the higher pay, that of 25 cents per hour, the company finds it convenient to let him out.

It is understood that this was one of the difficulties settled. It is said that the organization here voted once to walk out and tie up the lines running in and out of Newark. This was when President Rutledge called in Secretary Bishop to ask him assistance in settling the grievances.

It will be remembered that there was a rumor afloat on July 3 that the men would walk out and leave the traction people in the lurch in handling the Fourth of July crowds. It developed at that time, however, that the men could not strike and that the organization to which they belonged was approved by the Morgan-Schoepf traction syndicate.

Columbus, Sept. 18.—Secretary Bishop of the state board of arbitration, has been asked by W. R. Rutledge national president of the Brotherhood of Interurban Trainmen, to settle the differences which have existed for the past few weeks between the management of the Indiana, Columbus and Eastern traction company and its employees. Mr. Rutledge, whose home is on Lorain, O., has been in consultation with Secretary Bishop for several days past, and finally he has submitted to him a formal application for action by the board.

Mr. Bishop and his fellow members of the board have been diligently at work on the case and if relief can be afforded a decision will be handed down within the next few days, but it seems probable that no amicable settlement can be made.

Employees of this line commonly known as the Columbus, Newark & Zanesville, claim that they are entitled, under an agreement, to 25 cents per hour after having served a certain length of time. The scale of wages, they protest, ranges from 15 to 25 cents per hour. But after they are entitled to the maximum rate, under the scale, they say they are paid only 18 cents. "Instead of paying us the 25 cents an hour when it is due to us, we are laid off if we insist upon our rights," said a conductor on the line at the Gay street station. Last night "In most cases the men who are laid off are succeeded by new men, who, of course, are paid the minimum rate of 18 cents per hour. We contend that this is manifestly unfair and it is our intention to fight for our rights as we have been doing since the middle of last month."

Mr. Rutledge has been at the Col

lial Tavern here several times during the past several weeks and he has met the men at several meetings which have been held in Newark. None of those interested will confirm the report that a strike is about to be declared and the management of the line maintains a silence when asked for statements as to the ultimate outcome of the differences.

RAILWAY SHOPS BURN.
Sedalia, Mo., Sept. 18.—The Missouri, Kansas and Texas paint shops and fifteen coaches were burned this morning. Loss \$100,000.

QUIET IN MEXICO

Ambassador Thompson Wires State Department from City of Mexico to That Effect.

Washington, Sept. 18.—Mr. Thompson, the United States ambassador to Mexico, in a telegram to the state department from Mexico City concerning the Mexican national celebration, during the period of which "so much trouble was prophesied for Mexico," reported that not a disturbance of the smallest degree came to his attention. Consul General Hanna at Monterey in his telegraphic advices to the department says the various United States consuls in Mexico reported to him relative to the celebration, each saying that peace and order prevailed.

PREPARATIONS
To Blow Up Everybody Who Attended Funeral of Gen. Trepoff.

Vienna, Sept. 18.—Preparations to blow up every one who attends the funeral of General Trepoff, former commander of the imperial palace at St. Petersburg, today have been completed by the terrorists but the plans of the anarchists have been foiled by discovery of the plot. This is a report telegraphed by the St. Petersburg correspondent of the Zeit. The funeral will be held in the court chapel. The terrorists had planned to blow up the chapel while the funeral was in progress. Two arrests have been made in connection with the alleged plot.

TAFT'S TRAIN LATE

Secretary of War and Party Will Not Reach Havana, Cuba, Before Wednesday Noon.

(Bulletin.)
Tampa, Sept. 18.—Secretary Taft's party on their way to Cuba boarded the government tug Pickering at Port Tampa this morning and proceeded to the cruiser Des Moines. The cruiser sailed immediately for Havana.

Jacksonville, Fla., Sept. 18.—Secretary Taft probably will not reach Havana before noon Wednesday. The train bearing the Washington party to Port Tampa passed through here four hours late. It is not likely this time will be regained. After reaching Havana Secretary Taft will be taken by United States Minister Morgan to his home at Mariano, a suburban resort on the shore, about 10 miles from Havana. A small detachment or legion guard will be sent to Mariano from the cruiser Denver. It is believed by Secretary Taft that his party will thereby enjoy greater freedom in working out the policy of this government than they would at a Havana hotel.

Grand Dukes Visit Germany.
Baden, Sept. 18.—Grand Duke Michael Nikolaevich, grand uncle of the emperor of Russia, and his son, Grand Duke George, arrived here. The German railroad authorities took extraordinary precautions to safeguard the train carrying the grand dukes. The time schedule of the train was kept secret.

Officials Visit Isthmus.
Panama, Sept. 18.—John Barrett, United States minister to Colombia, and Joseph W. J. Lee, United States minister to Ecuador, arrived here.

CORPSE STOOD ALONE

Cleveland, O., Sept. 18.—A white corpse in the water tower, the St. Clair Avenue crossing of the C. & P. R. R. was left unattended for some time.

Chicago, Sept. 18.—A man who had been in the city for some time, was found dead in a rooming house. The man was found by a police officer who was on duty at the time. The man was found in a rooming house on the corner of Madison and La Salle streets. The man was found in a rooming house on the corner of Madison and La Salle streets. RESIGNATION OF PRESIDENT PALMA AND CONGRESSMEN

DEMANDED BY CUBAN REBELS TO RESTORE PEACE IN THE "GEM OF ANTILLES."

SECY. TAFT ARRIVES TONIGHT

Despite Proclamations Fighting is Said to be in Progress at Cienfuegos.

Havana, Sept. 18.—Efforts of the peace makers who are busy today trying to arrange a compromise between the government and the insurgents at the gates of the city, before the arrival of Secretaries Taft and Bacon, are now being directed toward trying to induce all members of Congress to proffer their resignations. Taft is expected here some time tonight.

President Palma's resignation is regarded sure at the proper moment. If the senators and representatives resign it will leave the way open for holding new elections, the main demand of the insurgents. If the rebels agree to any terms less sweeping than the retirement of the government and new elections, it is probable they will insist on the United States give guarantees that the Cuban government will live up to the promises it makes the insurgents. A promise from Palma, the insurgents would not consider worth anything. Despite proclamations of the cessation of fighting by Palma, it is reported that hostilities are proceeding actively at Cienfuegos. Little is known of what is going on there, but the rebels are reported to have been engaged in an attack on the city the operations taking the form of a siege.

Senor Hevia, director of the state department, set the example by offering his resignation. In practically all the departments it is said there are men who do not care to submit to close investigation the affairs of their offices by the American commissioners. Their resignations are expected as soon as it becomes definitely known that Secretary Taft intends to begin an examination of the government.

DIXIE AT HAVANA.

Washington, Sept. 18.—The navy department received a dispatch today reporting the arrival at Cienfuegos of the cruiser Dixie from Havana, with marines. The commanding officer states that there are no further disturbances in that vicinity.

BRIDGES DESTROYED.

Havana, Sept. 18.—Insurgents under the command of Colonel Getulio court are concentrating at Matanzas, and it is reported today that they expect orders to march toward Havana. Since the return here of military trains, the rebels are again destroying the property of the Cuban Western railroad, a British enterprise. An important bridge near Los palacios has again been destroyed and another bridge at Santa Cruz and smaller bridges in that district have likewise been wrecked. Trains now run only as far as Artemisa. There is no telegraphic communication beyond that point.

Educator's Sudden Death.

Raleigh, N. C., Sept. 18.—Charles Mciver, president of the North Carolina Normal and Industrial college at Greensboro, one of the greatest educators of the south, dropped dead of apoplexy on the train from Raleigh to Greensboro just after the train left Durham. He was president of the Southern Educational association.

Canadians Would Tax Hindoes.

Victoria, B. C., Sept. 18.—Delegates from all parts of Canada, in session at the Dominion trades congress, will bring forward resolutions seeking legislation for the imposition of a tax on Hindoes, large numbers of whom have been entering Canada within the last few months.

Prisoner Pardoned.

Milwaukee, Sept. 18.—Michael Dunn, former building inspector and private secretary to former Mayor Rose, who was convicted and sentenced to 15 months in the house of correction on a charge of receiving a bribe from the Pabst Brewing company, was pardoned by Governor Davidson. Dunn's ill health in prison was urged as a reason for the pardon.

AMERICA'S POSITION.

Birmingham, Sept. 18.—America has informed England how far she intends to proceed regarding the disturbances in Cuba. The state department declares, according to an article published in the Post today, that America, owing to her territorial position, regards itself as trustee of the interests of all other nations having commercial relations in Cuba.

TWO HUNDRED ARE CONDEMNED TO DIE IN RUSSIA

SUCH A TRAVESTY OF JUSTICE HAS NEVER BEFORE BEEN WITNESSED.

PRISONERS' FATE FORETOLD

As Soon as Trial by Courtmartial Was Ordered—Sentence May be Commuted.

(Bulletin.)
Warsaw, Sept. 18.—Arraigned for trial before a military court composed of officers who recently organized the terrible massacre at Siedlce, two hundred persons who were arrested while the outbreak there was in progress, were today condemned to death for alleged acts of violence committed during the massacre. Such a travesty of justice has not been witnessed even in Russia in years. What the fate of the prisoners would be was foretold as soon as it was learned that they were to be tried by a court martial under recent orders of the government. Those sentenced are for the most part Jews, relatives and friends of the unfortunates who were killed or wounded during the massacre. The passing of the death sentence aroused a storm of protest. As the injustice of the act is so apparent it is believed the authorities at St. Petersburg will order a commutation of the sentences.

REPRIEVE EXPECTED

Columbus, Sept. 18.—Butler Styles, the Franklin county alleged murderer, scheduled to be electrocuted early Friday morning, may be reprieved for the third time by Governor Harris. Notice has been served on the Governor by Joseph A. Phalen, a newspaper man, that he proposed to carry the case to the higher courts, which Styles' attorney did not do. A motion for a new trial will be filed today by Judge Moses B. Earhart. The Governor announces that he will grant another stay when officially informed by the court that the case has been taken up.

SUES FOR DIVORCE.

Ripon, Wis., Sept. 18.—Because he did not call on her for twenty years, Edna Welch today sued James Herbert Welch, capitalist and farmer, for divorce. They have two children. When they married Welch was managing his father's estate and they arranged that she was to live at home, but when Welch became heir to the estate two years later, he refused to call, though he provided for the children. The wife says he wanted to call off the marriage after getting wealthy.

TRIO OF ACCIDENTS

Barnesville, Sept. 18.—A trio of accidents, one of which resulted in a death, occurred here Monday. Elmer Wineman, aged 40 years, a cigar maker, fell under a freight train and was killed.

C. C. Ballentine, a B. & O. brakeman, was caught while switching cars, and his skull crushed.

Hubert Wilson, aged 14, rode a bicycle against a delivery wagon. His skull was fractured and his chest crushed.

TRIBUTE LEVIED

By Noted Moroccan, Bandit on the Horseguards at Legations.

Tangier, Sept. 18.—Several legations protested against efforts of Rallou to impose irregular and irritating taxes on Moorish horsemen attached to foreign missions. Mohammed El Torres, the Moroccan foreign minister, was asked to interfere but is at a loss to know how to act. The United States mission, consisting of Minister Gummere and Captain William S. Guinard and Lieutenant Commander Smith, military and naval attaches to the embassy at Paris, which is on his way to Fez, can not reach its destination in less than 10 days, as it is a matter of short stages.

Strike Riet in France.

Grenoble, France, Sept. 18.—A strike of 100,000 textile workers broke out here. A mob tore down the dome of a big factory and carried off and burned the furniture. Then the mob proceeded to the police station, believing that two comrades were confined there, and sacked it, making a bonfire of the furniture and papers. The troops were able to disperse the mob only after the free use of live bullets.

T. W. Hall, 62, negro, was shotman at plant of a Lumber Manufacturing Co. at Norfolk, Va. He was shot and killed by a police officer.

A Public Duty and Its Performance

If you personally owned the entire equipment and personally controlled the entire organization of the American Cigar Co.—

And if you used this equipment and knowledge to produce cigars exclusively for your own smoking—

You could make no better cigars nor make them more carefully than we are now making them for you.

We believe that the possession of the largest equipment, organization, resources and business ever known in the cigar industry, binds us to a public duty to give the public the best cigar possible to make. Furthermore,

It is Good Business Policy

We are good enough judges of human nature to appreciate the fact that meritorious service is the best and most permanent foundation for commercial success.

If we give better cigars at lower cost than can be given by any other manufacturer, we shall secure, by perfectly logical and common-sense methods, what is virtually a franchise from the public to supply it with its cigars.

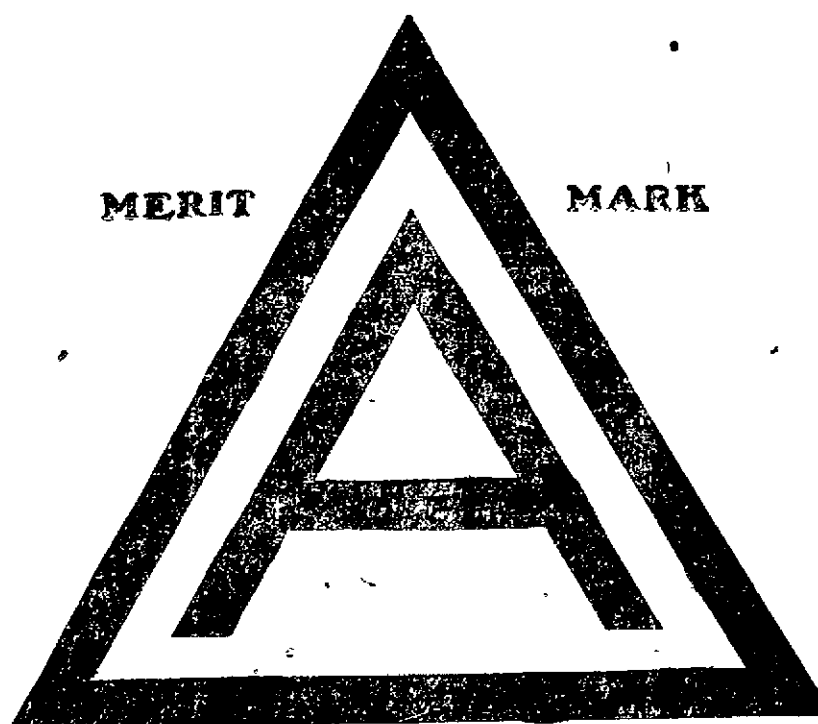

A franchise based upon public preference is stronger and more enduring than any that can be secured by legislative enactment, and it is this sort of franchise, obtained in this way, that we are after.

Gaining Success by Deserving It

Cigar smokers know what they want. Taste is constantly improving, demanding better goods all the time. There is no way of forcing people to purchase any brand of cigar which does not appeal to them on its own merits.

From the beginning, we have devoted the entire force of this organization and equipment to the problem of improving cigar quality and lowering cigar cost.

THE "TRIANGLE A"

Insures Honest Cigar Values

An "All-Around" Production

The products of our various factories include every variety of cigars—from the little cigar such as the "Royal Bengals" to the highest type of "Seed and Havana."

An important advantage in this comprehensiveness of output lies in the power it gives us to grade our tobacco very accurately. This assures unvarying uniformity—a feature much appreciated by the discriminating smoker.

The tremendous improvement in quality, due to our new and exclusive processes of curing, blending and ripening American grown leaf, extends through our entire line.

These processes are performed in our own gigantic "stemmeries." They have superseded the

old, crude haphazard methods which have been followed with blind devotion since the days of Sir Walter Raleigh.

These scientific processes have improved the domestic cigar at least 100 per cent., giving a "mellowness," mildness, freedom from bitterness and a developed fragrance to our 5c. cigars, for example, which were by no means common even in the 10c. cigar a few years ago.

An Unbroken Line of Successes

This improvement has been demonstrated to the smoking public with ever-increasing emphasis by the appearance of brand after brand of cigars selling at 5c. possessing a superiority which has made them instantly popular and permanently successful. These are of different brand-names and different characteristics, but are all marked with our "A" (Triangle A) merit-mark and possess the fundamental qualities of fragrance and "ripeness" for which the "A" (Triangle A) stands unerringly.

This "A" merit-mark appears on the front of every box containing such cigars, and may be accepted implicitly as a guarantee of mellowness, "smoothness," quality, fragrance and uniformity of character.

The NEW Cremo
Victoria Size—5c

The latest "A" (Triangle A) production is "The New Cremo" in Victoria size at 5c. which, perhaps better than all that have preceded it, exemplifies the immense improvement that has been effected by our experiments and equipment.

Our purpose is that our organization and resources shall always be used to the increasing betterment of cigar quality and to the lowering of cigar cost.

HE PAID UP AND GOT HIS RECEIPT

Summit County Treasurer Settles His Shortage—Guards at the Vault.

Akron, Ohio, Sept. 18.—Ex-County Treasurer Fred E. Smith has paid up the shortage incurred during his administration. He was given a receipt for his full indebtedness to the county by County Treasurer U. Grant High.

Payment of deposits in local banks by Smith as county treasurer have been made recently, and these with his being apportioned \$399,512.20 from the county treasury as city and school board treasurer reduced the deficit to \$83,320.94, which was cashed off Friday. The total deficit charged against Smith by the special examiners from Columbus was \$483,342.24. This included all issues whether in the judgment of the examiners the securities were good or not good. Nearly all loans made by Smith have been paid. His deposits in banks have been coming in. Two weeks ago the First National bank paid a deposit of over \$200,000 in the county treasury. Smith is still shown as city and school board treasurer. The exact amount is not known, but will be known until the

affairs of the city treasury are adjusted.

"Fred Smith does not owe the county one cent," said Treasurer High Monday.

"I gave him a receipt for everything in full Friday." Two watchmen are on guard in the county treasury office when Treasurer High is not in. This precaution is taken on account of it being shown by ex-Treasurer Smith that the vault is not safe. Prosecuting Attorney Hagel Barger, when asked if criminal proceedings against ex-Treasurer Smith would be stayed on account of his payment of the county shortage replied that he did not know.

FORESAW HUSBAND WOULD MURDER HER

Mrs. James Cornelius, who was murdered at Canton Monday by her drunken husband, as telegraphed the Advocate, had a premonition that she would die a violent death at the hands of her husband, and so stated to friends in Wooster whom she visited three days ago. Cornelius and his wife formerly lived in Wooster, and their first child, a boy, is interred in Wooster cemetery. When there Mrs. Cornelius expressed the fear that she would be murdered and asked a friend to see that in the event of her death she be buried by the side of her son. She stated that Cornelius knew of her wish and had threatened to have the remains of the son removed. The wishes of the murdered woman will be carried out.

AN AGED WOMAN BURNS TO DEATH

Accident at Mt. Vernon Similar to That at St. Louisville This County, on Monday.

Mt. Vernon, O., Sept. 18.—Deborah Murphy, aged 88, was perhaps fatally burned last evening. While she was preparing supper her dress caught fire from a hot plate and was burned off before neighbors discovered her plight. The accident was very similar to that which resulted in the death of little Miss Clara Haslop at St. Louisville, Licking county, yesterday. As published in the Advocate that day, the girl stepped too close to a hot plate and her dress caught fire resulting in her death six hours later.

AGAINST SMYSER

Are His Law Partners and His Father-in-Law—Will Vote for Ashbrook.

The Wooster Daily News, printed at Hon. Martin Luther Smyser's home, brings out the facts in an editorial that both the congressman's law partners, and even his own father-in-law, are opposed to his re-election, and will vote for Mr. Ashbrook. The Daily News maintains that Smyser is on the side of the bosses in their contest with the reformers in the Republican party, and that in fact he is owned by the bosses.

The paper's statement regarding the opposition to Smyser of his law partners and father-in-law follows:

"One of the most important contributions to the current news of the congressional campaign in Wayne county, came to light Friday when it became generally known that Messrs. Weygant and Weiser, the two prominent attorneys who are the law partners of Judge Smyser, will not support him by word or act during the campaign of the latter. These two men, close personal friends of Judge Smyser, and more closely affiliated with him in a business way than any other men in the county or the district, have announced themselves flat footed for Ashbrook without equivocation or demur. Both Mr. Weiser and Mr. Weygant donned Ashbrook buttons Friday morning. Mr. Weygant making the verbal announcement that he is not the political partner of Judge Smyser.

"Will Vote for Ashbrook.

"Although the two influential Wooster attorneys esteem Judge Smyser personally, they have declared that they cannot support the political policies of the Foraker congressman and politician. Several days ago Mr. Weiser quietly declared that while he would not be active against Judge Smyser, he would support Mr. Ashbrook at the polls.

"Father-in-Law of Smyser Wants Ashbrook to Win.

"Deserted by his friends, Judge Smyser might find solace in the fact that their sentiment is honest and their position as conscientious voters invulnerable. He might and probably does find solace in the feeling of respect he entertains for his business partners. But, when his relatives announce that they prefer Ashbrook in

CAMPAIGN ON STATE ISSUES

Is the Plan Outlined by the Ohio Democratic Committee.

WILL BE NO FORMAL OPENING

Hoskins Will Take to the Stump Next Week—Candidates For Congress to Handle National Issues—Indian Chiefs to Escort Bryan Through Indian Territory—Political News.

Columbus, O., Sept. 18.—The Democratic state executive committee met here and discussed plans for the campaign. The plan followed last year of dividing the state into districts and apportioning the work among the members of the committee was again adopted. The committee also decided to conduct the campaign on state issues, leaving candidates for congress in the various districts to take care of national issues. There will be no formal campaign opening.

It was arranged that Samuel A. secretary of state, will take the stump next week, but no meetings have been definitely arranged. Mr. Hoskins attended the meeting of the committee. In an interview he stated that he was in entire accord with the plan for carrying on the campaign. He said Mr. Bryan will speak in Ohio two or three days in October and that he will confine his speeches to a discussion of state issues.

"The campaign this year will be conducted along the lines of that of last year, and bossism and graft will be the predominant issues," said Mr. Hoskins.

Bryan and Indians.
Muskegon, I. T., Sept. 18.—From the time W. J. Bryan enters Indian Territory until he leaves it he will be accompanied by Indian chiefs of the Five Nations. As soon as he enters the Choctaw nation from the east he will be taken in charge by Governor McCurtain, chief of the Choctaws, who will introduce him at all points where stops are made in the Choctaw nation. When the Creek nation is reached Chief Pleasant Porter will be given a chance to do the honors. In the Cherokee nation Chief Rogers will accompany Mr. Bryan. Governor Johnston of the Chickasaws and Governor Brown of the Seminoles doubtless will accompany the Bryan party on the special train as a compliment. It is also probable that an invitation will be sent to all the Indian chiefs to join the Bryan party as soon as it reaches the Choctaw nation and remain until the train leaves the territory. All of the chiefs have announced allegiance to the Democratic faith.

Declines Nomination.
Denver, Colo., Sept. 18.—Philip B. Stewart, recently nominated for governor of Colorado on the Republican ticket, sent a letter to the state chairman declining the nomination. While the letter does not state in so many words, the reason Stewart declined to run is on account of the placing of Judge William M. Gabbert on the ticket as candidate for re-election to the supreme bench. Before the convention Stewart advised against the nomination of Gabbert and declared he "would not run on the same ticket with a Populist." A letter was sent to Gabbert, who was elected to the supreme bench six years ago as a Populist. Gabbert is said to have declared he would not withdraw if the entire Republican ticket refused to run with him.

New York Primaries.
New York, Sept. 18.—Primaries are being held in 85 of the 150 districts of the state. These include New York county, Kings, Queens and Richmond. No primary contest in New York city in years aroused greater interest, for upon the issue is expected to depend not only the control of the Republican and Democratic organizations in New York and Brooklyn, but probably the control of the Republican and Democratic state conventions to be held at Saratoga and Buffalo Sept. 25.

Hearst Opens Campaign.
New York, Sept. 18.—William Randolph Hearst opened his campaign for governor at a mass meeting held at Cooper Union. Among other things he said: "Our little league is only local, but it is fired with the spirit of '76." He declared the Independence league has every reason to expect success.

Shaw in Missouri.
Hannibal, Mo., Sept. 18.—Leslie M. Shaw, secretary of the treasury, in an address here formally opened the Missouri campaign. Secretary Shaw dwelt at length on the tariff question and outlined the stand taken by the Republican party.

Not a Candidate.
New York, Sept. 18.—In a letter addressed to Judge Samuel Seabury, chairman of the Independence league convention, George A. Fuller formally declines the nomination for state treasurer tendered him by the convention.

Against Fusion.
Syracuse, N. Y., Sept. 18.—An address to the Democrats of the state was issued by the committee appointed by the recent Albany Democratic conference. The address declares strongly against fusion.

BAD FAITH

Charged Against Attorney Shields by
Governor Harris in the Matter of
the Tetlow Charges.

Columbus, Sept. 18.—Governor Harris states that the board of trustees of the Institution for the Deaf and Dumb was not authorized by him to investigate the charges filed against Superintendent J. W. Jones and the board by James W. Tetlow. He said that when the first set of charges was filed he told the members that they had better inquire into the matter and see if the charges justified reeling with the Board of State Charities. These charges, while they attacked Superintendent Jones as to certain actions, which made up the immoral feature, said nothing concerning the board.

"I have not received the report from the trustees as yet," said the governor, "but I expect it today. It may be that the whole thing may go to the Board of State Charities for a final investigation."

Governor Harris charges Attorney Shields with acting in bad faith with the executive department in making them public, while on the other hand Attorney Shields makes a similar charge, claiming that the governor told him, as did also Secretary Samuel J. Flickinger, that the charges would be turned over to the Board of Charities.

EMBOLDENED BY PALMA'S ORDER

Liberal Leaders Not Afraid Now of Arrest by Government.

ZAYAS VISITED THE PALACE

Head of Liberal Party Hustling to Get His Friends Out of Prison—Taft Expected to Be the Final Arbitrator. Member of Palma's Cabinet Expects Intervention Before Peace.

Havana, Sept. 18.—The only results thus far of President Palma's order for the suspension of hostilities are that Liberal leaders who hitherto had every reason for anticipating arrest are circulating openly in Havana again and even conferring with members of the government with regard to peace; and that such insurgents in the field as have been consulted, while they express themselves as agreeable to settling matters amicably, assume an independent attitude, which can not be said to bode particularly well for a prompt settlement of existing difficulties. In the meanwhile Cienfuegos is in a state of siege, communication by telegraph being severed not only in the direction of Havana but to Santiago as well.

Alfredo Zayas, head of the Liberal party, moved freely about the city and even visited the palace, where he had a conference with Secretary Montalvo relative to the means of securing peace. Senor Zayas is hopeful of the final outcome, although nothing like a definite basis for agreement was considered. For the present, he said, he is largely devoting himself to securing release of all suspected conspirators.

General Menocal had a conference with Vice President Mendez Capote and arranged for a satisfactory committee of veterans to make authorized visits to insurgent camps.

Points of special and present consideration in the peace negotiations are the fixing of a neutral zone and camping places for the insurgent forces and supplying them with food, which, it seems to be expected, will have to be done by the government.

It is generally agreed that Secretary Taft must be the eventual arbitrator, and both in Cuban and foreign business circles the hope is freely expressed that not only will the United States settle the present strife, but retain sufficient hold on Cuban affairs to prevent a repetition of the past month's experiences. A Cuban gunboat went to Mariel to bring to Havana a quantity of arms and ammunition stored in the quarantine station, lest it fall into the hands of the insurgents.

A member of the cabinet, who declines to have his name used, said he could see no possible way for peace without intervention by the United States. "Too many cooks are spoiling the broth," he said. "Everybody who wants to is getting passes and going out to visit the insurgents. In my opinion there will be no peace until the United States intervenes."

The announcement that United States war vessels will protect British as well as American interests is taken as applying especially to Cienfuegos, where the English-owned Cuban Central railway was obliged to suspend operations and suffered considerable damage to its property. The Western railroad, also a British enterprise, is not suffering special damage except in the vicinity of Havana, and it is expected traffic on this line will be reopened shortly.

UNCLE SAM

Will Protect British Interests in Cuba During Insurrection.

Washington, Sept. 18.—The United States will protect British interests in Cuba, so far as possible, during the insurrection. This announcement was made at the state department in response to an inquiry.

Subjects of Great Britain have large interests in railroad properties in Cuba and these have suffered by operations of the insurgents. Other property too on the island is held by British subjects, and anxiety is expressed as to the security of it.

It is not disclosed whether the inquiry reached the state department through diplomatic channels or came from private individuals.

Complaint has been made that Cuban insurgents destroyed much property in Cienfuegos which belongs to the plantations in that vicinity.

Commander Colwell of the cruiser Denver telegraphed the navy department that all was quiet in Havana, that hostilities formally ceased, that a definite settlement of the troubles seemed possible, and that renewal of hostilities is not probable.

This dispatch, together with the visit of Secretary Taft, indicates that the movement toward peace in Cuba is well under way, but no changes were made in the naval program.

While there is a pacific feeling, preparations are going forward by the war department to meet anything that may arise if it should be necessary for a strong force to intervene.

It is stated that troops and transports will soon be available and only await orders in case the mission of Secretary Taft fails and hostilities are renewed beyond the control of the Cuban government.

Formally Opens the Fall Season

1906—The Big Store Is Ready

Splendidly Ready

Bewildering display of new Fall Goods in every department—New Coats and Suits for the autumn season. A first glimpse of the new autumn modes in Tailored Suits and Coats which will be the prevailing styles this season. For months we have been preparing for the greatest season of Newark's Big Store—seeking the newest and best—ever desiring to emphasize anew the style supremacy, which we have so thoroughly gained in past years.

THE NEW SILKS AND DRESS GOODS

There's a hint of plaid in the air. Plaids in darkly blent colors in mouse grays and lighter gray grounds. But not decided showy plaids. As sober in effect as would be plain colors, but newer and more stylish. There are checks, too.

Two tones of gray to make the cheeks. The effect is very handsome. But the extreme and the newest effects in the showing are the Ombre Plaids. The serge and Panama weaves are highly in favor.

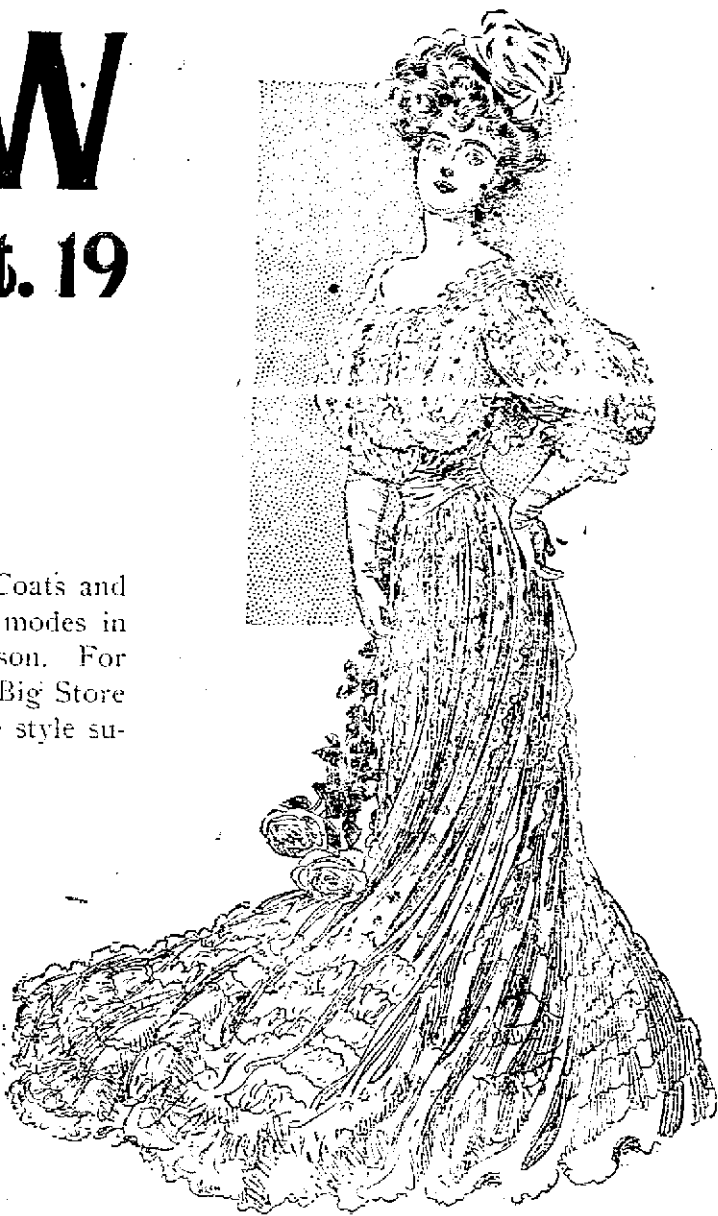

All together the prettiest stuff out in years. Worth seeing, even if you are not prepared to buy at once. You will find the prices exceptionally modest.

New Trimmings and Laces are all here—a glance through this section will convince you of our leadership.

First Chance To See the New Fall Cotton Goods—A truly good collection of new Fall Cotton Fabrics—the choicest styles we have ever exhibited.

Opening Gun of the Fall Home-fitting and Replenishing Campaign—New Ideas—Our Carpet and Drapery Department has a rare fund of new suggestions for the furnishing of new homes and replenishing old ones. Odd designs in madras and new colored crete cloth. Rugs in the new fall patterns. New sash and lace curtains—these are but a few of the features which tend to make this an ideal time and place for home-fitters of thrift and discernment. Don't fail to visit this department at the opening, tomorrow.

CHALLENGE TO THE FRESHMEN

SOPHOMORES OF DENISON WANT A CONTEST ON THE ATHLETIC FIELD.

September 26 Suggested as Date for the Event—Granville and College News Items.

Granville, Sept. 18.—There will soon be a clash between the lower classmen at Denison unless the Freshmen decide to be game and accept the challenge which has been sent them by the Sophomores. Both classes are evenly matched, there being about a hundred members in each. The Freshmen will hold a meeting to consider the challenge which is as follows:

THE CHALLENGE.
To the Class of 1910, Denison University:—The class of 1909 desiring to prevent any clash between the Freshmen and Sophomore classes as has occurred in the past, in which valuable clothes were torn and clubs used, hereby challenge the class of 1910 to the events named below. The contest to be in charge of a committee consisting of five men, two Juniors to be chosen by the Freshman class, two Seniors to be chosen by the Sophomore class, with Dr. Hunt as chairman. The date to be September 26, at Dr. Hunt's suggestion. Any Freshman being allowed to participate in any or all events who has a Freshman card, or one who has not more than twenty hours back in the Academy, and who is now carrying at least 8 hours in college. Any Sophomore to be allowed to participate in any of all events who has a Sophomore card or who has not more than ten hours back in the Academy, and who has at least sixteen credits in college.

Expenses to be equally divided. In case a small admittance fee is agreed upon, the expenses to be deducted and the balance to go to the Athletic Association. The Freshman and Sophomore classes each to appoint a committee of three with power to act who can adjust any differences which may arise in regard to the challenge and who shall make all necessary arrangements. Gist of particulars to be agreed upon by a joint committee.

List of events:
50 yard dash 5 3 1
100 yard dash 5 3 1
Hammer throw 5 3 1
Shot put 5 3 1
440 yard dash 5 3 1
Half mile relay 5 points
Tag of war, 20 men, two trials out of 3; time limit, 2 min. each pull 5 points
Football game 15 points
(Time of halves 10 and 15 min. All 'varsity' men to be allowed to play. Committee on arrangements to select all officials.)

Cane Rush 20 points

GRANVILLE NOTES.

One of the most enjoyable social events thus far in this semester was the reception given by the Y. M. C. A. of Denison on Friday evening for new boys. The reception was held in Cleveland Hall and was attended by a large number of persons.

Mr. and Mrs. Brelsford of Zanesville spent Sunday with friends in the village.

After a short visit with friends here Mr. and Mrs. H. L. Moore have returned to their home in Morgan county.

The Y. W. C. A. of Shengardson college entertained most charmingly with a reception for the new girls. The reception was held in Stone Hall and was greatly enjoyed by all who were present.

Miss Lillian Hamilton of Warsaw, Ind., who has been visiting friends here for several days has gone to Columbus, where she will make a short visit before returning home.

Miss Mary Ferguson has returned to Croton to resume her school duties after a short visit to her home here.

Miss Grace Wright, '06, was in town Saturday. Miss Wright is teaching in the primary in the Croton public schools.

Alfred Colby of Dayton is visiting in the village.

Mr. E. G. Wright and wife and Mr. J. A. Norris and wife spent Sunday with friends in New Moscow, O.

Miss Catherine Hendley of Columbus, spent Monday with friends in the village.

Witness Confessed.

Winfield, Kan., Sept. 18.—G. B. Crichton, one of the accused in the J. P. Buden Produce company forgery and perjury case, went on the stand as a witness for the state and made a full confession, implicating F. E. Roselbrook, president of the company, and piling up evidence against E. R. Balzer. It was Crichton's statement to the prosecuting attorney after his arrest that caused the arrest of Roselbrook in New York. Roselbrook charged with forgery and with getting money under false pretenses.

Mrs. Amsbaugh's Skull Fractured Near Pataskala—Kicked Over the Dashboard.

Pataskala, Sept. 18.—Not knowing that his wife had been killed by the kick of a wild horse that he had been driving to a buggy, Daniel Amsbaugh, who lives at Hooker's Station in Fairfield county, got out of the buggy to fix the harness Sunday night and after quieting the frightened horse jumped into the buggy again and getting his wife as he supposed in a faint, took hold of her and tried to arouse her as she lay on the seat of the vehicle with her head thrown back. The horse had made a vicious kick over the dash board and his hoofs had struck Mrs. Amsbaugh, who was leaning over at the time in the head, fracturing the skull. The couple had been visiting in Pataskala and were returning home when the terrible affair happened.

COACH GILMORE OF H. S. WORKED SQUAD OF OVER 25 MEN LAST NIGHT

Enthusiasm in High School Athletics Running High and
Big Football Squad Reported for Practice—Coach Shows
His Ability and His Willingness to Work Hard.

There are but three things necessary for the members of the Newark High school football squad to do, in order to have a first class team this fall and make a good record for themselves and for the school. The duties are simple and easy to do. They are: "Listen to Coach Gilmore. Do everything as he orders. Work hard."

Not in years has there been the enthusiasm in the high school athletics at the opening of school, as there is this year. At the Y. M. C. A. field Monday night, there was a squad of 25 or more candidates out in uniform, all trying to secure positions on the team.

Coach Gilmore was there, too. There is no doubt whatever but what a number of the members of the squad realized Monday night, that the coach was out.

He introduced himself to the squad by lining them up as soldiers and making them count off in "whole numbers." They were then quickly arranged in a neat group for their photographs. The whole business was so methodical that it required but a few moments and after two pictures had been taken, the coach started the whole squad around the field, making them keep close to the fence. It was a good long run and was a good test for the "wind" of some of the candidates.

Right from the start, the coach gave the men to understand that he meant business and hoped that they were out with that intention themselves. The spectators on the field were given to understand that if they intend to make fun at the candidates, they were not wanted and the gate was pointed out to them. The result was that instead of a frolic, the practice became a serious affair but this did not in the least take any of the zeal out of the men.

The men were quickly formed into a circle and the passing of the ball, instead of a pastime, was made one of the serious part of the practice.

Mogul finger is now at the head of athletics at Muskingum college, New Concord, and he went to that place this morning to assume his duties. He was chosen to the position at a meeting of the college trustees Saturday. Mueller will have complete charge of the football, baseball, basketball and track work at the New Concord institution. The college year opens Tuesday, and "Mu" will get busy at once with his pigskin chasers.

The German has had plenty of training for his work. He spent four years at Wisconsin university and was prominent in athletics. Zanesville fans who have a warm spot in their hearts for the big German pitcher, will be glad to learn of his new job.

ELLOR ARRIVES

Granville, Sept. 18.—"Bill" Ellor, Demson's star football player, who was not expected back in school this year, arrived this afternoon and will be in the game. Mr. Ellor has been at Bradley Beach, N. J., during the summer months. He will greatly strengthen the team.

PILES

A TRIAL PACKAGE OF THE WONDERFUL PYRAMID PILE CURE IS SENT BY MAIL TO EVERY ONE TO TEST THOROUGHLY FREE OF CHARGE.

"I have tried your pile cure and find them all you recommend them I am very thankful to you for ever putting them within my reach for I have had one box and have not used all of them yet, and I feel like a new woman today, and I tell everybody about them. When I started them I could not walk across the floor, but now I can do my work all right. My work was a burden to me before I started them, but I can tell you that I can work much better now. You can rely on me. I will tell everybody about Pyramid Pile Cure. Yours sincerely, Mrs. J. Bond, Toronto, Canada, 33 Pears Ave."

Or if you want to prove this matter at our expense, before purchasing send your name and address to the PYRAMID DRUG CO., 52 Pyramid building, Marshall, Michigan, and receive a sample packet free by return mail.

The use of the wonderful Pyramid Pile Cure avoids the danger and expense of an operation. You cure yourself with perfect ease in your own home, and for little expense.

Gives instant relief, heals sores and ulcers, reduces congestion and inflammation, and takes away pain and itching.

After you have tried the sample treatment, and you are satisfied, you can get a full regular-sized treatment of Pyramid Pile Cure at your druggist's for 25 cents. If he hasn't it, send us the money and we will send you the treatment at once, by mail, in plain sealed package.

Broken-down horses are shipped from English ports to the continent of Europe where they are bought and slaughtered for butchers' meat. Boats continually arrive at Amsterdam laden with miserable, sore-backed, blind and in many cases, dying horses. Some of them have been certified as unfit for further work underground in the mines and because they are unused to the inner air and light they suffer great torture from the exposure. Their miseries when in a rough sea are indescribable.

TO FIGHT OCTOBER 5.
New York, Sept. 18.—Terry McGovern and "Young Corbett" will meet in a six round bout at catch weights before the National Athletic Club of Philadelphia on October 5. The boys have settled all preliminary arrangements. All that is wanted to make the match a fixture is the arrival from Philadelphia today of Jack McGugan of the National Club. He is to meet

BENEFIT GAME AT WHEELER PARK SEPT. 24

A movement is on foot among the baseball fans to arrange a benefit at Wheeler park on Monday, September 24, when the Lancaster team will be here.

It is an open secret that the treasury of the base ball company is not lined with gold and the fans are desirous of having the treasury at least partially replenished so as to make it sure that baseball will be given a good start next season.

A committee consisting of E. J. Ross, E. W. Crayton, Dr. J. N. Palmer, A. A. Stasel, James Mills, and C. L. Conard is sending out letters to a few of the well known fans to meet in the council chamber tomorrow night to take up the work of boosting the game for next Monday. All who are interested are cordially invited to attend.

A similar proposition was worked in Mansfield and Sharon recently with good results. In Mansfield the stores closed at noon and the game was preceded with an aude parade and a brass band concert. About \$2,000 was turned into the treasury of the Mansfield club.

COURT HOUSE NEWS

Newark Savings Bank Co. vs. Warner, two cases, passed to give further time to take depositions. Stasel; Kibler & Montgomery.

McKinn v. Mansberger, for trial tomorrow. Smythe & Smythe, Hunter & Hunter; Hilgard.

O. P. Blackstad vs. Ignatius Elias, et al.; a suit on promissory note. The action was brought before the Justice of the Peace at Granville some time ago; the judgment of the justice was brought up to the Common Pleas court for review, and reversed; this judgment of the Common Pleas was affirmed by the Circuit court, and was remanded to the Common Pleas court. Leave is asked to the petition, which it seems had been filed out of rule. The court took the papers for consideration. Fulton & Fulton; Stasel.

George Evans vs. Margaret Thomas, a partition suit, in which there are about 30 defendants who are interested in the property. The case was submitted to the court upon a motion to separately state and number the defenses in the answer. Stasel; J. B. Jones.

Truesdale vs. Wehrle Company leave given to plead to 30 days. Norpell & Norpell.

A. A. Stasel vs. James A. Lingfelder; leave given to file answer by October 1. The suit is brought to recover on an overdraft in the Newark Savings Bank. Stasel; Smythe & Smythe.

The court received a communication from Judge Rees stating that he was indisposed and asked that any matters pending in the court that he is interested in be passed. It was so ordered.

After the regular call of the assignment tomorrow morning, the court will take up the motion docket. The court desires that counsel be present. If counsel are not present, the court will take the papers and dispose of the matter without argument.

In the case of Ohio vs. Davis, indictment for assault, the court made an order for the appointment of a commissioner to take testimony on behalf of defendant at Peru, Ind. Fitzgibbon; Kibler & Montgomery.

Royal Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

WHAT'S GOING ON OVER THE STATE

PROBLEM OF GETTING RID OF OLD TUMBLE DOWN SHACKS SOLVED AT DAYTON.

Sixth District Contest—Cleveland Editor Dies—Postoffice Robbed. Bank Cases Appealed.

Dayton, O., Sept. 18.—The municipal problem of getting rid of a lot of tumble-down shacks that mar the beauty of surroundings and are an eyesore to the public, and which promise to remain in position forever so far as present owners are concerned, was started in this city through the action of the board of health in declaring the buildings unsanitary and a menace to public health, and ordering the owners to tear them down. Appeals and legislation so far proved of no avail, and the condemned buildings must go. About 15 different buildings, located in the heart of the city, are in the proscribed list.

Sixth District Contest.
Xenia, O., Sept. 18.—By a vote of 8 to 4 the district board of elections of the Sixth congressional district decided that C. Q. Hildebrand is the regular nominee of the Republican party for congress. The question was raised before the board by objections filed by Hildebrand's attorney to the certificate of nomination of Judge Horace L. Smith, nominee of the former Scroggy faction. Attorneys for Smith will ask the supreme court to compel the chief deputy, R. I. Stewart, to certify the name of Judge Smith as the regular nominee of the party.

Cleveland Editor Dead.
Cleveland, Sept. 18.—W. H. H. Bone, veteran associate editor of the Cleveland Plain Dealer, died of cancer. He was born in England in 1830. While still in his teens he was a contributor to newspapers of London and Liverpool. He came to Cleveland in 1851 and became a member of the

staff of the Cleveland Herald and wrote many articles for the various magazines of the United States. He was a recognized authority on Shakespeare, and the oldest newspaper man in Cleveland.

Postoffice Robbed.
Lynchburg, O., Sept. 18.—Burglars entered the front door of the postoffice here with a sledge, knocked the combination from the safe door and secured in cash and stamps \$725.06, including \$125 of Postmaster Felke's personal money. They left through the back door and appropriated a horse and buggy, in which they made good their escape to Midland, at which point they probably boarded a train.

Bank Cases Appealed.
Columbus, O., Sept. 18.—Five cases from Stark county involving the constitutionality of the state banking laws were appealed from the supreme court of Ohio to the supreme court of the United States. Corwin D. Bechtel, Harvey H. Miller and others were indicted for making false returns and applied for a writ of habeas corpus. They lost in all the courts of the state.

Ohio Appointments.
Columbus, O., Sept. 18.—Governor Harris appointed Benjamin Perry of Jefferson county trustee of the Cleveland State hospital, to succeed W. H. Smylie of Niles. The governor re-appointed N. C. Love of Sandusky county and John W. Harper of Hamilton county members of the board of trustees of the State Archaeological society.

Admits the Deed.
Canton, O., Sept. 18.—James Cornelius, a well known sewer contractor, is under arrest and in jail, charged with the murder of his wife, who died in a hospital as a result of a fractured skull. Cornelius admits striking the woman with a window weight during a quarrel and told the police he meant to kill her.

Boy Started a Blaze.
Fremont, O., Sept. 18.—Two barns and this year's crops on the Frank Holcomb farm, near Elmore, were destroyed by fire. The 5-year-old son of the tenant set fire to a strawstack, which caused the blaze. Loss \$2,000.

It is said the czar keeps a fortune teller on his pay roll.

REV. J. B. BOVEY TO LANCASTER

NEW PASTOR OF THE NEWARK CHURCH IS REV. J. W. STIVERSON.

Other Appointments of Local Interest Made at United Brethren Conference.

Rev. J. B. Bovey has returned from the United Brethren church conference which was held at the Avondale U. B. church at Columbus. Rev. Mr. Bovey has been appointed to Lancaster and while the congregation here will regret his leaving, all wish him all success in his new field of labor. Mr. Bovey will be succeeded by Rev. J. W. Stiversson, who comes from Des Moines, Iowa, where he has been for five years. Rev. Mr. Stiversson is a graduate of Otterbein university and also of the Divinity Union Biblical seminary of Dayton. Mrs. Stiversson is the daughter of Dr. C. J. Kephart, president of the Western College of Iowa, and she is a graduate in music.

Among the other appointments that may be of local interest are: Rev. Anna L. Burgett, Jackson town; Rev. A. J. Burgett, Licking circuit; Rev. J. H. Walker, Etna; Rev. S. S. Kirts, New Albany; Rev. W. A. Smith, Fifth Avenue U. B. church, Columbus; Rev. A. J. Wagner, Avondale church, Columbus; Rev. W. W. Rymer, St. Clair church, Columbus; Rev. J. W. Miles, Wellston; Rev. J. W. Willis, Logan Station; Prof. Daugherty, Westerville. Rev. Mr. Bovey will leave next week for Lancaster and every other month will preach at the Boys' Industrial Home.

Roy Can't Come.

The management of the Licking County Fair exceedingly regret that they are unable to secure the services of Roy Knabenshue and his air ship to appear at the largest county fair in Ohio. They will no doubt secure his services next year. The following letter was received from the manager which is self explanatory:

Sept. 10, 1906.
Mr. W. H. Kussmaul, Granville, O.
Dear Sir—Your letter received and wish to state I am booked up to Xmas. Would be pleased to talk business with you for next season.
Truly yours,
Chas. J. Strobel,

OHIO'S CORN CROP

Columbus, Sept. 18.—Ohio has again come to the front, and, according to statistics, will lead in the production of corn this year. Various estimates have been made of the corn crop of the United States this year, some putting it as high as 2,350,000,000 bushels. Ohio planted, according to estimate, in the neighborhood of 3,250,000 acres of corn, or about 1,250,000 more acres of corn than wheat. The production in this state alone will fall only a little short of 125,000,000 bushels, showing an average yield per acre of about 40 bushels.

In Ohio the valuation of this corn crop will be near \$70,000,000, if sold at the prices now prevailing. Of course, there is a possibility that the value may fall below that figure, but indications point to higher prices, due to the big demand and the shortage of other food for cattle.

The crop this year is going to be a bumper in every particular, the largest the state has ever known. It was

recently shown that Ohio is in the lead as to yield per acre in wheat. The same is true as to corn. With an average yield the country over in years past of between 28 and 29 bushels to the acre, Ohio has shown upward of 37 bushels per acre. This year, with the average yield the country over running about 30 bushels to the acre, Ohio is going to show upward of 40 bushels to the acre.

AMUSEMENTS

ARRIVAL OF KITTY.

The C. S. Williams company's offering of the comedy surprise "The Arrival of Kitty," which is to be presented at the Auditorium Wednesday evening, is easily classed among the few theatrical attractions that have earned important money the past season when so many attractions have not prospered. The comedy possesses the attributes that go to make an entertainment popular with all classes of patrons. "The Arrival of Kitty" is bright, snappy and fast, and the fun and music are a kind that makes the public sit up and take notice. No production of recent years has attained such immense popularity and it is the only one among the few really brilliant comedy successes in the field of light entertainment to receive unanimous approbation of press and public. If genuine novelty of plot, ingenuity or treatment, together with an acting, singing and dancing company of the best known theatrical favorites count for anything in the make up of a successful comedy production, no wonder "The Arrival of Kitty" has been so successful. The production will be seen in the city Wednesday evening and is exactly the same form that has characterized its great success.

E. S. Cramer, proprietor of a livery and boarding stable at 59 W. Main St. and living at 95 Eddy St., Newark, O., says: "I endured backache for a long time before I knew that it originated from the kidneys. I felt well in every other way but my back was a continual misery to me. There was dull aching in the loins extending around to the left side. If I remained in one position for any length of time and then attempted to move quickly sharp shooting pains would strike me, sometimes in one place and sometimes in another. I tried liniments and used several remedies with no effect. Hearing at length of Doan's Kidney Pills I got a box at Crayton's drug store. It is really remarkable how quickly I found relief. The remedy seemed to attack the cause of my trouble and in time it so eradicated every sign and symptom of it that for the eighteen months since I used Doan's Kidney Pills I have had no return of my trouble."

HARRIMAN BUYS B. & O. RY. STOCK

WILL USE ROAD WITH CHICAGO AND ALTON AS THE CONNECTING LINK.

Giving Union Pacific Through Line From the Pacific to the Atlantic Ocean.

(Bulletin.)

New York, Sept. 18.—Apologies of the morning report that E. H. Harriman and his Union Pacific interests had quietly bought up the control of the B. & O. and would hasten to complete an ocean to ocean line, using the Chicago & Alton to connect the eastern Union Pacific terminals with the western extremes of the B. & O. lines, Kuhn, Loeb & Co. today gave out a statement to the effect that the announcement was premature. Kuhn, Loeb & Co. who hold some \$40,000,000 of B. & O. stock which Harriman needs to secure the control, today admitted the sale is being negotiated, but deny that the deal has yet been effected.

The general belief in the street is that Harriman if he has not already done so, will secure the stock he desires without further troubles.

New York, Sept. 18.—The Tribune today says:

E. H. Harriman and his associates, it is said, in quarters usually well informed, have acquired control of the Baltimore and Ohio railroad company and propose using it with probably the Chicago and Alton as the connecting link in forming with the Union Pacific a through line from ocean to ocean.

Mr. Harriman and James Stillman have for some time been directors of the Baltimore and Ohio, and presumably with other members of the Union Pacific party, have been extensive holders of its stock. It is now said that the \$40,000,000 in round numbers of the Baltimore and Ohio stock recently sold by the Pennsylvania railroad company to Kuhn, Loeb & Co. has been disposed of by the banking house to the Union Pacific interests.

It is now understood that the holdings disposed of to Kuhn, Loeb & Co., comprised the \$30,293,300 of the common stock and about \$10,000,000 of the preferred stock owned by the Pennsylvania directly, leaving that company still the owner of about \$11,000,000 of directly held preferred stock and through its subsidiary companies of \$19,666,600 additional stock of the two classes.

ENGINEER'S EPITAPH

An engineer on the Chicago and Mississippi railway, awaiting the death which was sure to result from injuries suffered in an accident, is said to have written these lines, which were inscribed on his tombstone in the cemetery at Alton, Ill.:

My engine now is cold and still,
No water does my boiler fill,
My coke affords its flames no more,
My days of usefulness are o'er,
My wheels deny their wonted speed,
No more my guiding hand they heed,
My whistle—it has lost its tone,
Its shrill and thrilling sound is gone,
My valves are now thrown open wide,
My flanges all refuse to guide,
My clacks, alas! tho' once so strong,
Refuse their aid in the busy throng,
No more I feel each urging breath,
My beam is now condensed in death,
Life's railway o'er, each station past,
In death, I'm stopped, and rest at last.

EX-MAYOR GRILLY

Victim of a Complete Surprise at the Hands of Newark Pythians on Monday Evening.

Ex-Mayor A. J. Grilly was the victim of a complete and most pleasant surprise at the hands of his brother members of the Licking No. 121 Knights of Pythias, Uniform Rank, Monday evening.

The "Squire" was enjoying himself about his pleasant home on Commodore street Monday evening when a telephone message from Hon. W. A. Ashbrook was received. Mr. Ashbrook said that he had an important matter about which he would like to see Mr. Grilly, and if he could remain at home he would call at the residence between 8 and 8:30. It was necessary, however, for Mr. Ashbrook to be in Columbus, so he was not present. At

any rate, as the Squire was enjoying a cool smoke from his favorite corn-cob pipe the entire uniform rank of 22 men marched up in front of the house and sounded "taps." Then they marched in the house and after saluting turned toward the door, where an expressman stood with a costly oak rocker. All of this time Mr. Grilly was wondering if all was a vision brought about by "hitting the corn-cob pipe." He was finally persuaded to sit still in his new chair long enough to listen to a presentation speech prepared by T. B. Rutledge. Following the speech, the evening was spent in card games and was closed with an ice cream and cake lunch.

The surprise was given in honor of the staunch, helpful service rendered the company since its organization by Mr. Grilly in 1896. Since that time he has supported it, been present at nearly all of its meetings, and helped to tide it through difficulties. His services in this connection were greatly appreciated by the members, as was testified to by the action of Monday night.

BROWN-McCLAIN.

Miss Lilly McClain was married on Sunday afternoon at 1 o'clock at the residence of her parents, Mr. and Mrs. James Grady, near Moore's Corners, on the C. & L. traction line, to Ross Brown, of Newark. The wedding was a surprise in the neighborhood. There were 10 guests. After a wedding dinner Mr. and Mrs. Brown left for the east. Returning they will be at home at the residence of the groom's mother in Newark, where he is in business. Rev. Thomas Madden of Hebron, officiated.

POLICE FORCE INCREASED BY ADDITION OF EIGHT MORE MEN

Six Patrolmen and Two Drivers Provided for in Ordinance Passed by Council—Fire Department Got One Extra Man—More Money Wanted for East Newark Fire Building.

An increase in both the police department and fire department was what the council permitted at the regular meeting Monday night and after November 1, the city police force will consist of twenty-five men instead of seventeen men as has been the case in the past. The fire department gets one extra man and at the same time ordinances passed several years ago fixing the number of firemen and police and naming their salaries, were repealed.

Another ordinance introduced, but declared by the president to be irregular, provided for the issue of \$2,000 in bonds for the construction and equipment of a new fire engine house. This ordinance was decided necessary by the city solicitor inasmuch as the architect in estimating the cost of the new East Newark fire department building, placed the estimate too low and that the bond issue of \$7,500 was inadequate by nearly \$2,000 to build the structure. Owing to the late hour at which the solicitor was approached upon the subject he did not have time to prepare a new ordinance and only the title of the ordinance was read by the clerk. The president declared the action irregular and the matter was held over for another two weeks.

The members of the council were pretty badly used up last night. Clerk Munch had a voice which made a sound similar to that of a buzz saw striking a knot in a hard wood log at a saw mill. Councilman Moser of West Newark, had a bad eye and was compelled to ask the president to excuse him while he bathed the optic in ice water. He returned to the council chamber with a bandage over the eye to protect it from the light.

The Proceedings.

There was no preliminary business to be disposed of by the councilmen so the introduction of ordinances was the first important business to be taken up.

An ordinance by Beadle for the erection and equipping of a new fire building was the first one to receive the attention of the council. As the ordinance had not been fully written, and only the title of the measure read, it was declared to be out of order and this matter was held over until the next meeting night.

An ordinance by Caine fixing the number and salaries of city firemen and repealing a former ordinance of the same title was introduced. The measure provides that the department shall consist of a chief, four captains, five drivers and twelve firemen. The difference in this ordinance and the former measure is that the new one gives the department one extra driver. The salaries are the same. The measure was passed on suspension of rules.

A similar ordinance by Mr. Caine provides for the number and salaries of the members of the police department. The measure provides for a chief at a salary of \$900 per year, Captain at \$840 per year. The station house keeper and turnkey, one railroad crossing watchman, two patrol drivers and eighteen patrolmen are to receive \$60 for the first year's service and \$65 per month after that. These salaries are the same except in the case of the turnkey who has received \$65 a month under the old ordinance. This will not decrease the salary of the present incumbent of the position as he has been in the service for more than a year. The ordinance was passed.

The increase over the old force is eight men. The present force consists of only twelve patrolmen. The new ordinance gives six more patrolmen and two patrol drivers. This increase is made to comply with the policy of Mayor McCleary, who since his advent into the office has been fighting for a larger police force and a patrol wagon regardless of where the money is to come from. Under the provisions of the ordinance the increase in the police force will become effective November 1.

An ordinance by Mr. Beadle was passed authorizing the Board of Public Safety to sell the north part of the Syern property in East Newark to the highest bidder. This is the property where the new fire building will be erected. The purchaser of it properly will be compelled to remove the house from the lot at once.

An ordinance by Mr. King providing for the vacating of South Morris street, (Wayne) from Monroe street to the B. & O. tracks was read for the second time. It was passed under a suspension of rules. The street is being vacated for the convenience of the B. & O. railroad people. Mr. Hughes before voting on the measure asked if the railroad company had complied with the resolution introduced some time ago, asking for repairs on street crossings. Mr. McNeely replied that at Leroy street, the repair gang had taken up a board

and turned it over, that being the extent of the repairs.

Councilman Moser refused to vote for the measure because the company had not complied with the resolution. The ordinance passed, however, by a vote of four yeas to three nays.

Two resolutions by Beadle asked for sidewalks. One one both sides of Florence street from Cedar street to Dewey avenue. Another on Dewey avenue from Tuscarawas street, south to East Main street. Both resolutions were adopted.

A resolution introduced by Mr. Moser asked for the improvement of Church street from Eleventh to a point 213 feet west of Abraham Flory's addition to the city. First reading of the resolution.

Councilman Beadle asked that the council refer back to the reports of committees. This was done and the street committee submitted a report approving the opening of Sixteenth street. The committee recommended that bonds in the sum of \$275 be issued for the purpose.

Adjournment followed the adoption of the report.

SCHOOL BOARD'S LONG SESSION

MUCH TIME CONSUMED BY THE MEMBERS IN DISCUSSING MINOR MATTERS.

Miss Helen Felger Elected Teacher in High School—Assignment of Pupils Approved.

The Board of Education was in session until 12 o'clock Monday night, discussing a number of minor matters, although not a great deal was accomplished. All members were present.

Bills, including about 31000 to be included in contracts, amounting to \$4,079.44 with the exception of one for improvements on the High school and Central buildings, amounting to \$925.12, were allowed. The one bill was held pending investigation.

The following contingent teachers were elected: Misses Grace Platto, Bessie Taafel, Amy Alspach, Mayme Cagney and Mrs. Mary Newham. Miss Helen Felger of Mansfield, a graduate of Wooster university having had special work in the post graduate course of O. S. U., was elected assistant in English at the High school at a salary of \$600 for the first year.

The superintendent reported assignment of pupils to buildings in different parts of the city, and stated that there was some objection on the part of parents to sending their children to certain buildings where they are assigned. Superintendent Simkins asked the advice of the board on the matter and after the assignments were completely gone over it was found that the arrangement was the best that could possibly be made under the present crowded condition of the schools.

Prof. W. E. Painter of the East Newark schools presented to the board a requisition for necessary equipment to the manual training rooms in the basement of the East Main street building, in the way of lockers, benches, etc. The matter was approved by the board.

The resignation of Miss Bertha Dille, which was presented in August but lost or mislaid, was accepted on Monday night. Miss Dille recently became the wife of Dr. W. B. Nye. She was one of the board's most valued teachers and considerable regret was expressed at losing her.

Truant Officer D. J. Jones was allowed \$60 for services rendered in superintending the repair work done on the buildings during vacation.

The shipments of marble to the United States in 1905, from the Carrara quarries, near Leghorn, Italy, amounted to \$955,851, an increase of \$58,369 over 1904.
